

## 600 Series

Nothing can beat the Rolatape 600 Series when it comes to long-distance measuring of the roughest terrain. Rocky trails, land measurements, golf courses and other difficult routes are accurately tamed by the 600 Series. A double handle puts you in firm control of this workhorse. When measuring takes you cross country, take a Rolatape 600 along for the ride.

### 600 Series APPLICATIONS

- Athletic Fields / Courses
- Rural Electrification Projects
- Trailblazing
- Soil Conservation
- Irrigation
- Surveys
- Reclamation
- Golf Courses

## 600 SERIES

### FEATURES

All steel construction  
Large 6-foot circumference wheel  
Dual hand grips  
5-digit counter (Dual counters available)  
Handle height adjustment  
Wheel brake

### BENEFITS

Heavy duty strength and durability  
Accurate measuring through the roughest terrain  
Easier handling and stable control  
Records up to 100,000 increments with convenient reset knob  
Adapts to operator comfort and terrain conditions  
Transport to second site without losing existing measurement
